

SPECIES

- MacGillivray's Warbler S, N
- Common Yellowthroat S, N
- Wilson's Warbler M
- Yellow-breasted Chat S, N

- Western Tanager S, N

- Rose-breasted Grosbeak M, rare in S
- Black-headed Grosbeak S, N

- Lazuli Bunting S, N

- Spotted Towhee S, N
- American Tree Sparrow M, W
- Chipping Sparrow S, N
- Clay-coloured Sparrow S, N
- Brewer's Sparrow S, N
- Vesper Sparrow S, N
- Lark Bunting S, N
- Savannah Sparrow S, N
- Baird's Sparrow S, N
- Grasshopper Sparrow S, N
- Le Conte's Sparrow S, N
- Sharp-tailed Sparrow S, N
- Fox Sparrow M
- Song Sparrow S, N
- Lincoln's Sparrow M
- Swamp Sparrow M
- White-throated Sparrow S, N
- Harris' Sparrow M
- Dark-eyed Junco R
- McCown's Longspur S, N
- Lapland Longspur M, W
- Chestnut-collared Longspur S, N
- Snow Bunting W

- Bobolink S, N
- Red-winged Blackbird S, N
- Western Meadowlark S, N
- Yellow-headed Blackbird S, N
- Rusty Blackbird M
- Brewer's Blackbird N

- Common Grackle S, N
- Brown-headed Cowbird S, N
- Baltimore Oriole S, N
- Bullock's Oriole S, N

- Rosy Finch W
- Pine Grosbeak W
- Purple Finch M, W
- Red Crossbill R
- White-winged Crossbill M, W
- Common Redpoll W
- Hoary Redpoll W
- Pine Siskin R
- American Goldfinch S, N
- Evening Grosbeak W

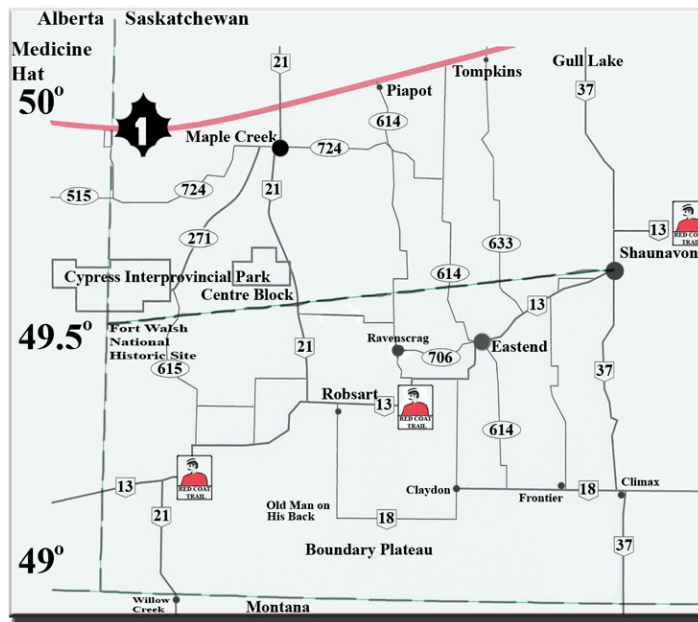

- House Sparrow R

MAP OF THE WHITE MUD AREA

The range for Birds of the White Mud extends eastward to Highway #37, south to the Montana border, westward to the Alberta border and north to a latitude of 49.5° (the north slope of Cypress Lake).

FIELD NOTES _____

BIRD CHECKLIST

BIRDS OF THE WHITE MUD SOUTHWEST SASKATCHEWAN

Sage Grouse and Burrowing Owl

Courtesy of Lorne Scott

This unique area of short-grass prairie and steep river valley cutbanks provide habitats for a variety of birds. Some species are found only in this area of Saskatchewan. To date 250 species have been recorded. This guide will help you enjoy your bird-watching experience.

The White Mud area is home to a variety of birds, including Ferruginous Hawks, Violet-green Swallows and Sage Grouse

LEGEND:

R - resident
M - migrant
S - summer visitor

W - winter visitor
N - nests
(-) - rare, may occur in very small numbers every year or as irregular vagrants
